

ZALADIUM

A N A L Y T I C S

Tired of theft, property damage and vandalism?

Prevent crime by deploying monitored security camera systems that are proven to deter unwanted activity.

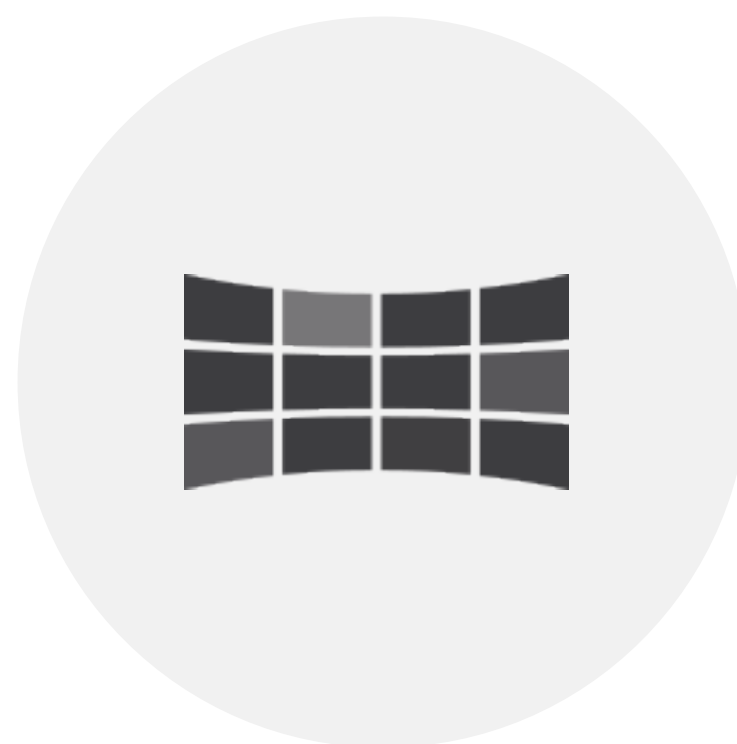

OUR SERVICES

Prevent crime by deploying monitored security camera systems that are proven to deter unwanted activity.

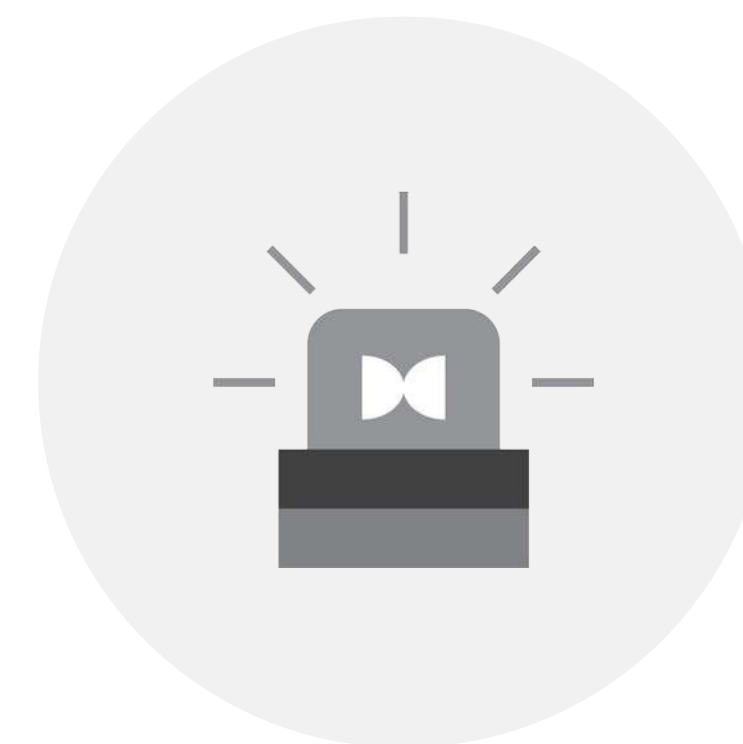

HIGH-END CAMERAS

Our security cameras withstand the outdoors while providing phenomenal video surveillance capabilities. Images are transmitted live over cell networks or WIFI to our GSAT Center for monitoring. All recordings are stored for 30 days.

24/7 LIVE MONITORING

Our state-of-the-art surveillance center is located at our headquarters in Houston, Texas. Staffed by expert security personnel, all video camera feeds are monitored 24/7 for unwanted activity.

EMERGENCY RESPONSE

We respond immediately to security alerts by calling the appropriate authorities, and deploying either your security officers or our in-house armed security guards and K-9 officers to protect your assets.

ZALADIUM ANALYTICS

LIVE, IN-HOUSE & LOCALLY MONITORED

Unlike our competitors, we do not outsource our monitoring services. Our licensed professionals monitor your security footage in-house and provide support when you need it. Additional Benefits Include: free video retrieval, live video stream access from your personal device, customized siren, light and alert guidelines, personalized audio messages (available in several languages).

ZALADIUM ANALYTICS

ONLINE ACCESS TO VIDEO FEED

View live and recorded video surveillance from any PC, tablet, or smartphone anywhere in the world. Recorded footage is stored for 30 days and can be retrieved remotely to support investigations.

30x IR PTZ Network Camera

Each exterior camera is a 2MP high-definition, pan, tilt, 30X zoom ("PTZ") camera. The cameras record in full color up to 800 ft when there is sufficient lighting. They also have built-in infrared LED's, allowing the cameras to see in the dark at up to 300 ft in black and white when ambient lighting is too dim to allow for a clear color picture.
